STYLE & COLOUR GUIDE | 2023 AUSTRALIA

GILDAN® THE SMART CHOICE

We're constantly improving our business, our products and our services to make them more efficient.

We pride ourselves on providing well-made, durable t-shirts and fleece that come in a huge range of colours and sizes. The selection from Gildan® just got smarter, thanks to the addition of new Gildan® Softstyle™ styles and one new Gildan® Heavy Blend™ blanket. We offer everything from 100% cotton tees and blends to fleeces and polos and a variety of fits.

We've structured our business to reliably manufacture consistent garments offering great value, so our vertical integration gives us a unique advantage in fulfilling our buyers' needs despite global disruptions in the supply chain. And we continue to be committed to ensuring that all our products are made with respect for the environment, circularity, people, communities and transparency.

So whatever your printing requirements, whether you're printing merch, designs or logos, for garments at a smart price, think Gildan®.

GILDAN® MADE WITH RESPECT™

LEARN HOW GILDAN
BRANDS MAKE
THEIR APPAREL WITH
RESPECT.

Gildan is made with respect for what matters most: the environment, people and circularity. Our unwavering commitment to strict, future-forward standards across our entire global operation enables us to Make Apparel Better™ with respect to how we make it, who we make it with, and what we use to make it.

RESPECT FOR the environment

We believe our consideration for the planet as shown by our past and current ESG initiatives at Gildan set us apart from the rest. From reducing fossil fuel consumption and carbon emissions, to managing water consumption and cleaning wastewater so it's safe to return to nature after use, Gildan is continually increasing the energy efficiency of its apparel manufacturing.

RESPECT FOR circularity

We're committed to ensuring responsible consumption and production patterns. From recovering our waste directly within our supply chain, to using recycled polyester and high-quality, sustainably grown materials, Gildan is committed to significantly lowering our impact on the planet.

RESPECT FOR people

At Gildan, human rights, ethical labour and inclusivity are priorities. Whether it's through ensuring fair wages, empowering workers to develop skills and pursue education, offering a higher standard of living, giving access to free medical care to some of our manufacturing workers and maintaining safe and healthy work environments, we understand that treating people with respect and dignity is essential to our company's success.

RESPECT FOR communities

We believe it's vital to create and support positive community development in the countries we operate in. From providing youth education and strengthening social programs to offering employee programs to inspire and connect, Gildan is proud to continually grow and strengthen our supply chain ecosystems.

RESPECT FOR transparency

Honesty and ownership are two values at the core of Gildan's business model. The visibility we have over our manufacturing is rare in our industry. Not only can it inspire people to think differently about what they wear, but it can also contribute to the global conversation surrounding supply chain transparency.

OUR PASSION IS IN OUR GARMENTS.

Gildan® is proud to be reliable, straight-talking and zero fuss. We exist to help decorators and designers run successful printwear businesses. That's why we only care about the things that matter: affordable and high-quality garments that last.

Our tees have changed for the better with the addition of four new Gildan Softstyle® tees, and new Gildan® Heavy Blend™ blanket. And our products come in an even greater selection of colours, thanks to the four new colours that have joined our palette.

We're passionate about constantly expanding our range and improving our service so that we can offer smarter choices to our decorators and designers.

These premium styles deliver on their promise, with a variety of fabrics ranging from smooth, ring-spun cotton to cotton blends. It's a decorator's dream: our EZ Print Finish™ has evolved to become premium style 980. The 360 softener application is more water-efficient, supports more vibrant colours and creates evenly distributed softness for the perfect and smooth print surface. This enzyme-softened and finished tee is our best shirt for enhanced, consistent DTG printing performance. Whatever your clients' needs, whether it's for lightweight, midweight or tri-blend T-shirts, polos or fleece, Gildan® Softstyle™ is sure to deliver elevated, stylish and easy-to-wear softness.
