* Your design will need 1 screen per colour and position. If a underbase is required, 1 extra screen charge and colour will be applied. A underbase is a White, or Grey coat that is needed on most prints.
Example: The Online Workwear Logo is 3 Screens: Red, Black, and White.

** A colour change fee is required for the same logo printed in different colours. Example: White Garment printed Blue Ink, and Blue Garment printed White Ink.

*** There are no setup fees for repeat print orders within 12 months of last order.
Any changes to design, position or sizing will require a new setup.
